Hive© (HVE)

Such a simple pattern, yet integral to the very existence of life on this planet. The hexagonal pattern is perhaps one of the strongest patterns in the world, which is why it's no surprise to find this in every beehive and every chicken coop fence. The perfect background to any overlay you may desire, with clean edges and structural stability. Look no further, this pattern is simply perfect.

Shade Score	1/10
Privacy Score	2/10
Biomimicry Score	10/10
Structural Strength Score	8/10
