Kenyan© (KYN)

The Kenyan pattern was the first pattern, after a family expedition that included hiking in the snows of Kilimanjaro, dancing the Jewish snake dance with school children, and bumping elbows with a very hungry lion. The shadow patterns from this modular pattern bring the diagonals to life and transforms a space into a three-dimensional East African textile. Use for shade in many architectural settings.

Shade Score	6/10
Privacy Score	6/10
Biomimicry Score	7/10
Structural Strength Score	2/10
Small Hole Size Score	9/10
MESH Score	7/10
Openness	30% Open
