ARTIST SERIES PATTERN

Hidden in the depths of a bog, droplets catch the light and spiral skyward, a quiet rhythm of growth and release. What begins as delicate shimmer evolves into a structured biophilic dance. Organic in origin, yet precise in form, it invites the eye to follow its upward momentum and unfolding beauty.

Shade Score	8/10
Privacy Score	7/10
Biomimicry Score	10/10
Structural Strength Score	9/10
