

PARASOLEIL PARACLAD SYSTEMS

Parking Garage Cladding

ParaClad is an award-winning cladding system specifically designed around the unique requirements of parking garages. This aesthetically driven system is ideal for large-scale decorative facade applications and durable enough for the most challenging site conditions.

Performance-Rated Cladding

This turnkey structural system is designed specifically for parking garages.

- Provides a versatile system design for ease of customization
- Accommodates seismic requirements
- Supports mechanical ventilation requirements
- Simplifies installation with minimal connection points

SYSTEM BENEFITS

- System coordination with concrete embed locations and structural steel shops
- Performance-rated for project conditions and requirements
- Architectural grade aluminum with built-in dissimilar metals separation for maximum corrosion resistance
- Easy install—no welding, cutting, or finishing in the field
