

PARASOLEIL DATA SHEET

Lunar Screen System

Turnkey commercial grade, all aluminum screen system including ventilated panel inserts, posts, and corrosion resistant hardware. Aesthetically driven performance-rated design offers an artful, durable solution for ease of specification and installation.

Screen System Components

PATTERNED PANELS

- 100+ artistic pattern options to meet design intent
- Ventilated metal inserts – 5000 Series aluminum alloy
- Thickness choice depends on environment and size
- Performance-rating determined by panel size and wind speed

FINISH

- Corrosion-resistant architectural grade component finish options
- AAMA 2604 & AAMA 2605 powder coats
- Panel Options: powder coat over a base coat zinc primer or clear anodized finish
- Structure Options: Graftone, Dark Ash, or Cast Iron powder coat

STRUCTURE

- 6000 series extruded aluminum post
- Post spacing based on insert and thickness
- Easy install—no welding, cutting, or finishing in the field

CUSTOM OPTIONS – Available for an additional fee

- High wind solutions, 49"-60" wide panels
- P.E. stamped calculations
- Custom size configurations, patterns, and finish options

PRODUCT EXCLUSIONS – Available through third-party suppliers

- Anchor bolts to attach base plate to concrete footing
- Concrete footing design and engineering
- Site verification, field measurements
- Installation
