

Parasoleil

THE PARASOLEIL EXPERIENCE

Design a space
of captivating
wonder

Create unforgettable experiences

Parasoleil bridges art and environment to help you create captivating places where people want to be, connect, and thrive.

Our artists explore and create hand-finished patterned panels from premium metals for all types of applications and environments—interior and exterior. Our patterns offer you dozens of versatile, captivating designs that have been engineered to exceed the highest architectural standards.

As a client, you have access to our team of designers and engineers who collaborate with you every step of the way to bring your vision to life. Great design is about personal relationships that create experiences and reveal the true spirit of a place.

The art and science of Parasoleil

Our decorative architectural metal panels are designed with uncommon patterns to transform any project into a space that inspires joy and connection.

PERFECT SOLUTION FOR

- Shade
- Screen
- Railing
- Ceiling
- Cladding
- Guardrail

The Parasoleil Difference

Artistry in Patterns & Finishes

Our pattern and finish library offers various designs, colors, and textures to give a unique look to complement any environment.

Dependability in Design & Engineering

Design integrity and your design intent are our priority from concepts to the memorable experiences created in every space.

Durability in Craftsmanship & Quality

Exceptional quality control guarantees every panel meets the highest production and delivery standards.

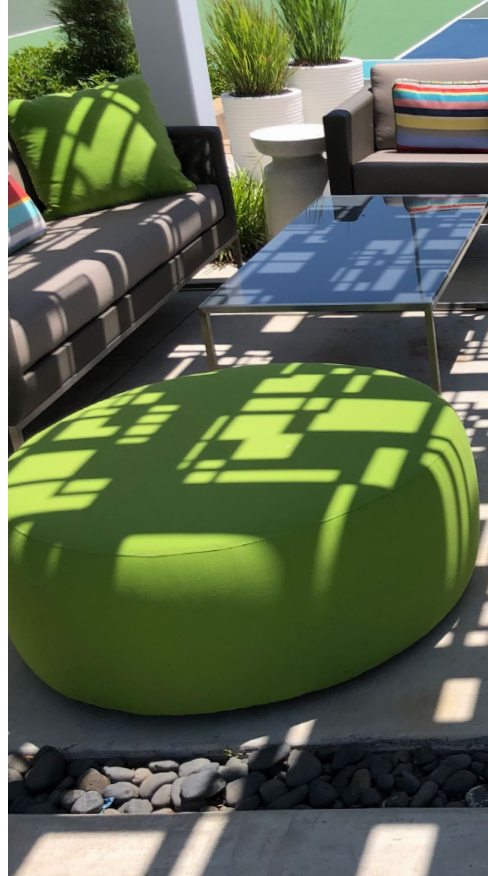

Artistry in patterns & finishes

TRANSFORM ORDINARY INTO EXTRAORDINARY

Approved by the American Institute of Architects, our pre-tested, versatile designs cover the largest range of patterns and finishes across any aesthetic to create designs that both delight and exceed standards of structural integrity. We have an array of choices to suit your needs:

- **Artistic patterns** in our design library or your own custom patterns
- **Proprietary finishes** in our standard or patina powdercoat collection
- **Variety of metals** to match your environmental conditions

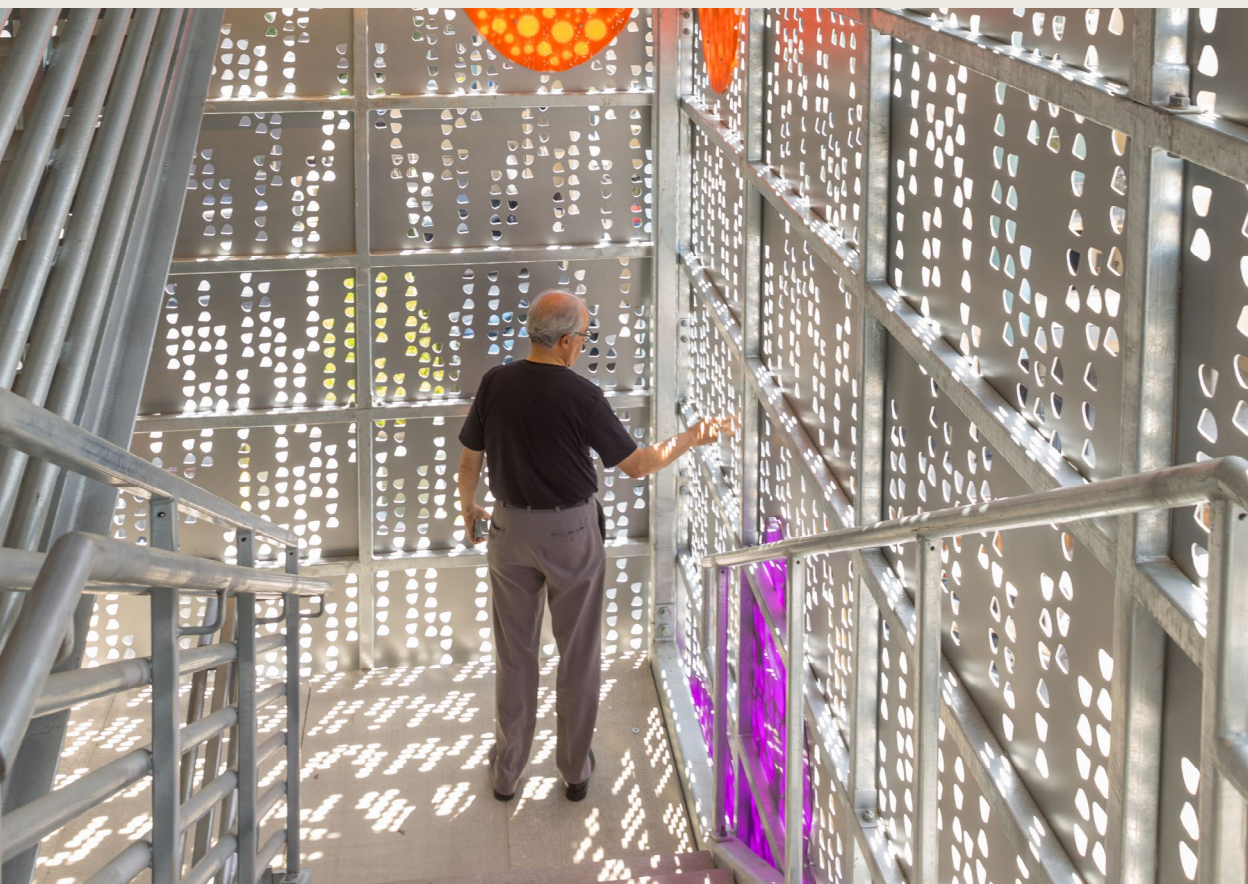

Dependability in design & engineering

COLLABORATION AND EXPERT SUPPORT, EVERY STEP OF THE WAY

Our team works with you to determine the right pattern and finish for your project environment, aesthetic, and constraints. Panels are engineered for each project to identify the ideal material thickness and installation method.

- **Design assistance** with patterns for structural integrity
- **Project engineering** to maximize performance
- **Engineering analysis** to sustain wind and snow loads

Durability in craftsmanship & quality

BUILT FOR EXCELLENCE AND TIMELESS BEAUTY

Skillfully hand-finished to perfection, each panel is crafted to meet the highest quality and safety standards on the market.

- **Hand-tooled** to ensure safety and powdercoat adhesion
- **Trained experts** apply proprietary finishes
- **10-year finish warranty** for manufacturer defects

Bring your vision to life

Whether you are the owner, architect, or contractor, we want to work with you. Our team is here to help you every step of the way.

Explore our elegant panel systems from all-in-one structures to brilliant panel designs to fit your specific needs.
