

Parasoleil

The architectural leader in customizing products that filter light and frame space

ART LAB FOR ARCHITECTURE (ALFA)

- Collaborating to capture the design intent upfront
- MESH approach to pattern for functional public art
- Concept visualizations and structural calcs for client presentations
- Writing the performance/process spec that reduces risk

PAIRING ENGINEERING WITH DESIGN

- Turn-key screens, shade, and scrim systems
- Performance ratings for all customizable baseline products
- Internal design software that allows for a fast-paced design process
- Built-in design options for VE and supply chain pressures

Patina Powdercoat Options

Aged Bronze	Antique Gold	Black Licorice	Buff Stone
